

Does Faith Matter?

Yes, it matters. A Biblical academic worldview is the first step in establishing legacies of faith in our families.

This places God in a correct context and gives a student a different intellectual perspective.

Who are we?

Athens Christian Preparatory Academy

is an independent non-profit corporation formed for the purpose of private Christian high school education.

We are a non-denominational school dedicated to Christian principles and excellence in academics. ACP promotes a rigorous course of study that is well balanced by an emphasis on fine arts. We believe this balance is essential to developing students with the ability to be innovative and analytical.

ACP believes in not only being college preparatory, but also life preparatory. We know that today's students need more than academics to be successful. We teach to the "whole child", mind-body-spirit. Our school emphasizes virtues like self-discipline, self-control, obedience, and accountability.

Proverbs 2:10,11

When wisdom enters into your heart and knowledge itself becomes pleasant to your very soul, thinking ability itself will keep guard over you, discernment itself will safeguard you, - Proverbs 2:10,11

Prepare for your future.

PLAN FOR SUCCESS. PLAN EARLY

Confidence attracts success. At ACP we work with each student to build confidence in their area of interest. We prepare students for college and life.

HOW ARE WE DIFFERENT?

- GOD-CENTERED
- EDUCATION TAILORED TO INTEREST
- INTEGRATED TEACHING
- STUDENT DIRECTED PROGRAMS
- COLLEGIATE MODELING

Your high school years are some of the most important years of your life. You are deciding what kind of person you want to be. As you maneuver through the culture, media, and chaos of life, it is important to place yourself in an environment that will allow you to discover who you really are. You now must **own** your choices and their consequences-good or bad. You must **own** your responsibilities-*or not*. You must decide for yourself what you want out of life. Your parents want the best for you and will guide you as much as they can, but ultimately it is up to you. It's time to..... **OWN IT.**

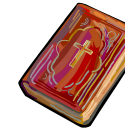

Own Your Excellence!

TIME TO OWN YOUR FUTURE

What are you good at? What are your God-given strengths? What do you see yourself doing in the future? These are questions that we all grapple with at some time in our lives. Besides providing a well-rounded and challenging education, ACP works with each student to help them find the right career path. Through independent studies and internships we give students a chance to experience first-hand some of their options.

TIME TO OWN YOUR INDEPENDENCE

Independence takes practice. At ACP we give each student a chance to practice independence by offering them many opportunities to develop responsibility. Core curriculum courses are on an every other day track. This closely resembles the tracks found on a college or university campus. Our students become accustomed to this kind of study schedule which creates a huge advantage when entering college. If students perform well, they are allowed off-campus for dual-credit courses or for interest related internships.

FULL-TIME OR PART-TIME

ACP accepts full-time and part-time students. A full-time student follows a course plan that will be tailored to their interests and exceeds state graduation requirements. A part-time student, such as a homeschooler, may enroll in any class of their choosing. Part-time students are also welcome to participate in sports and clubs.

EXTRA-CURRICULAR ACTIVITIES

ACP currently offers some sports programs. Beginning Fall of 09 we will offer football, volleyball, basketball, and softball. We will expand these programs as interest dictates.

Music, Art, and Theatre are all currently offered. Clubs are student generated. Contact the school to inquire about current offerings.

YOUR FUTURE...IT'S A BIG DECISION. HOW CAN WE HELP YOU?

CALL US AT 903-386-0400 for an appointment. We would love to speak with you.
